

Focus on important goals, innovation, and leisure while ProActive engineers will take care of your heavy and boring routine.

StarWind ProActive Premium Support

We are satisfied with StarWind. **The support** is really **fantastic**. Whenever any issues arise, the response is very prompt, and solution is immediate.

Srinivas Kouda, Company Representative, Siemens Postal, Parcel & Airport Logistics Private Limited

We have tried a number of solutions. StarWind has **great support**, good performance, and is inexpensive.

Daniel P., Company Representative, Andromeda Technology

Support has been great. All of the reps I have spoken to have been very nice and informative, and always follow up.

Service & Support

They have a nice feature that they monitor the solution remotely so if they detect an issue will let you know upfront, **I have received a call from them that they are seeing corruption** in one of the cluster disks (used for witness) and they did a remote session where they fix the issue. Their support is superb and they go above and beyond the call of duty to help their customers. I definitely will recommend this to anyone.

IT Manager, Miscellaneous Industry, Firm Size 50M-250M USD

I have been working with StarWind for 4 years now and they have done an incredible job to ensure that we were able to utilize our storage space to create easily accessible SAN's for our environment. Their support is great and they have very quick response times during the few times in which I have needed assistance.
