This trait, together with a customer-centric approach, allows the company to provide supreme-quality products and services.

## Industry

Automotive spare parts and equipment distributor/supplier

## Contact Person

**Adonis Eliades**, ICT Manager

## Problem

The company's previous IT infrastructure could not deliver the required level of high availability and performance.

## Solution

StarWind Virtual SAN has provided Andreas Psaltis & Sons Ltd. with the desired high availability and performance.

## Problem

The previously utilized infrastructure consisted of locally-developed software running on worn-out hardware and could not satisfy company's needs in high availability. Therefore, Andreas Psaltis & Sons had to build a new IT infrastructure from ground up with a storage solution that would provide high availability.

## Solution

Andreas Psaltis & Sons has chosen **StarWind Virtual SAN** since it eliminated the need for physical SAN and significantly reduced its virtualization expenses.

**StarWind Virtual SAN** has exceeded company's expectations, providing it with high availability and fast performance. Currently, Andreas Psaltis & Sons has been using **StarWind Virtual SAN** for three years 365/24/7 with zero downtimes.

It's superfast and super reliable, exceeding all set requirements. Running now for the third year 354/24/7 with zero downtime.
