StarWind Virtual SAN Gets Recognition as a VMware Ready™ Solution

StarWind Virtual SAN software is now officially certified by VMware and has been included on the [VMware Hardware Compatibility List](#). To receive this accreditation, StarWind Virtual SAN has been put through the detailed evaluation and testing process and met all the interoperability criteria required by VMware.

This certification verifies compatibility of the StarWind solution with VMware virtualization platform and gives complete technical support for any VMware environment created with StarWind Virtual SAN.

VMware Ready™ denotes VMware's highest level of acknowledgment for products created by VMware's established partners. Customers can be sure that VMware Ready products are reliably interoperable with vSphere environment.

StarWind Virtual SAN Acquires Certification for Windows Server 2012

StarWind Virtual SAN is recognized by Microsoft as software certified for [Windows Server 2012 R2](#). This certification signifies that StarWind software meets Microsoft standards for compatibility and recommended practices when used with the Windows Server 2012 R2 operating system, and is fully supported in Hyper-V environments. As a result of successfully passing certification tests, StarWind has been listed in the Microsoft Windows Server Catalog.

StarWind Virtual SAN Recommended to Enhance Citrix Delivery Infrastructure

[The Citrix Ready program](#) makes it easy for customers to identify third-party solutions that are recommended to enhance the Citrix Delivery infrastructure. Customers can be confident that StarWind Virtual SAN has successfully passed a series of tests established by Citrix, and can be trusted to work effectively with Citrix XenServer 6.5, providing confidence in joint solution compatibility and a heterogeneous IT infrastructure, combining the power of Citrix XenServer® virtualization and StarWind Virtual SAN storage virtualization, and improving XenServer experience with storage high availability, reliability and protection. Citrix Ready not only demonstrates current mutual [product compatibility](#), but through continued industry relationships also ensures future interoperability.

In 2016, Gartner named StarWind “Cool Vendor for Compute Platforms”.
